BHANU PRAKASH VANGARI

+91-9100592918 | bhanuprakash.vangari@gmail.com | www.linkedin.com/in/bhanuprakashvangari/

Experienced Mobile app developer/Web Developer with 3+ years in React Native/React and Native Android (Kotlin, Android Studio). Proficient in backend development with NodeJs & Strapi.js. Aspiring to be a comprehensive full stack mobile app developer/web developer, adept in both frontend and backend. Proven track record of delivering high-quality applications.

PROFESSIONAL EXPERIENCE

Accellor Software Pvt. Ltd (Formally PopcornApps)   2021 – 2023
Software Engineer II

- Spearheaded the development of a Room/Space Booking Mobile App in the initial year, implementing intricate animations and seamless Payment Gateway integration using React Native.
- Led the creation of a healthcare application, incorporating slot booking and video conference functionalities through React Native. Additionally, developed a bridge for video conferencing, subsequently migrating the entire application to Native Android using Kotlin in Android Studio.
- Became a critical player in adapting to a new technology for Backend Web Application using Strapi, GraphQL, performed CI/CD Integration using Microsoft Devops and supported the team to deliver and gain client trust.
- Became an all-round support to all the verticals in the project by taking advantage of my React and quickly adopting to Next.js, became a Fullstack support for the project wherever needed.
- Worked on technologies such as React Native, Android(Kotlin), Next.js, Strapi.js, PostgreSQL.

EDUCATION

Sreyas Institute Of Engineering & Technology   2020
B.Tech - CSE, 6.06 CGPA

Kendriya Vidhyalaya, Gachibowli   2013
CBSE, 7.8 CGPA

SKILLS & OTHER

- React Js
- React Native
- Android Kotlin
- Postman
- Typescript
- CSS
- Azure DevOps
- Azure CI/CD
- Reactron
- Strapi Js
- JavaScript ES6
- PostgreSQL
- GraphQL
- HTML5
- Next Js
- CSS-in-JS
- Azure Pipelines
- Python
- Unit Testing
- Chart.js

CERTIFICATIONS

- React Native - The Practical Guide [Udemy]
- React - The Complete Guide (incl. React Router & Redux) [Udemy]
- The Complete Python 3 Course: Go from Beginner to Advanced! [Udemy]
- Git Complete: The definitive, step-by-step guide to Git [Udemy]

PROJECTS

Project Name	Description	Technologies Used
Room/Space Booking Mobile App	Led the development of a Room/Space Booking Mobile App with intricate animations and Payment Gateway integration.	React Native, Android Studio, Kotlin, TypeScript/Javascript, CSS-in-JS
Healthcare Mobile Application	Contributed to a healthcare application, implementing slot booking and video conference features using React Native, developed a bridge for video conferencing & later transitioning to native Android.	React Native, Android Studio, Kotlin, TypeScript/Javascript, CSS-in-JS, React Native Bridge, Azure Communication Services
Cabin/Room Booking Website	Contributed in migration of a old .Net stack website into a Next.js with Headless CMS stack, majorly contributed in setup the CMS and backend for this project, later supported for maintenance in Frontend using Next.js becoming a fullstack support in the project and contributed in Pipelines & Releases using Azure DevOps	React.js/Next.js, Javascript, Headless CMS, GraphQL, PostgreSQL, Strapi.js, Azure DevOps

ACHIEVEMENTS & AWARDS

- Star Performer Q3 2023
